

## LARGE PARTY GUIDELINES

We strive to provide the highest quality service to all our valued guests, each and every visit. As a small family farm with limited kitchen capacity and a limited seating area, we cannot provide high-quality service to all guests while accommodating large parties. With this in mind, to allow adequate food preparation and staffing, we will be observing the below limits on large parties:

### WALK-IN SEATING

Parties larger than eight (8) guests may be separated between 2 or more separate tables depending on party size.

We will do our best to accommodate all situations whenever possible, however, the only way to guarantee your party of 9 or more will be sat together is to make a dining reservation in advance.

### RESERVATIONS FOR LESS THAN 20 GUESTS

Parties less than twenty (20) guests can book a regular dining reservation through our website. The maximum we can accommodate at one table is ten (10) guests. Any parties over ten (10) may be separated between two (2) tables.

### RESERVATIONS FOR MORE THAN 20 GUESTS

Parties larger than twenty (20) guests need to contact our Events and Catering team to secure a reservation.

*As always, we deeply appreciate your understanding and support of Keel Farms.*
