

RESERVATION POLICY

We strive to provide the highest quality service to all our valued guests, each and every visit. As a small family farm with limited kitchen capacity and a limited seating area, we cannot provide high-quality service to all guests while allowing large walk-in parties or reservations. With this in mind, to allow adequate food preparation and staffing, we will be observing the below limits on reservations and large parties effective **10/22/19**:

- **NO RESERVATIONS** will be accepted for any dining areas, first come first served only
- **PARTIES OF 20** or more must book an event space and choose from our catering menu at least **three calendar days** before arrival if available
- Parties must be complete before seating and no reserving tables for other patrons

We will do our best to accommodate all situations whenever possible by offering areas without wait service to large, walk-in parties or encouraging splitting of the party when possible. As always, we deeply appreciate your understanding and support of Keel Farms and Keel & Curley Winery.

Clay Keel
President
